 Wayne, IL 60184

**Email:**  
**Phone:**

**Email:** chsharpless@ameritech.net  
**Phone:** 630-460-5414

*Advanced Notification of Treatment is not required*

The Department has received and reviewed your application to chemically treat up to 0.16 acres of emergent aquatic plant species in the Lauderdale Lakes Wetlands in Walworth County. Aspects of this permit may not be changed. Please go to this web address:

<https://permits.dnr.wi.gov/water/SitePages/Permit%20Search.aspx> to search for and download the permit documents. Your permit application meets the minimum requirements by law and a permit is being issued with the following conditions:

**General Statements and Conditions:**

- It is the responsibility of the applicant to follow the treatment plan outlined in the permit application and permit conditions. The treatment notification protocols, treatment plan, and reporting protocols shall be performed in compliance with Wisconsin Administrative Code Chapter NR 107. Noncompliance with the permit can result in enforcement actions under State Statute 23 and restriction of aquatic plant management activities for subsequent years under Administrative Code NR 107. The conditions and treatment plan are required to be followed to ensure efficacy of the treatment.
- The Department waives its advanced notification requirements for this permit. This does not waive requirements for public notification.
- The Department may stop or limit the application of chemicals to a body of water if at any time it determines that the treatment will be ineffective or will result in unreasonable restrictions on current water uses or will produce unnecessary adverse side effects on nontarget organisms.
- You shall have a paper or electronic copy of this cover letter and permit with the individual conducting the treatment.

- You shall submit the Aquatic Plant Management Treatment record on the most updated form supplied by the Department as follows:
  - a. Immediately, if any unusual circumstances occur during treatment.
  - b. Within 30 days, if treatment occurs.
  - c. By October 1 of this year if no treatment occurred.

**Notice:**

- A special concern reptile species may be found within the project area. Although not legally required because the species is special concern, the department recommends that the permittee use Methylated Seed Oil (MSO) as the non-ionic surfactant with Rodeo if a surfactant is necessary, in order to protect this species. Please contact Heidi Bunk ([heidi.bunk@wi.gov](mailto:heidi.bunk@wi.gov)) for more information.
- You shall decontaminate all project equipment used in the waterbody to minimize transport of aquatic invasive species (AIS) immediately after each use on the project site. You shall utilize best management practices: <https://dnr.wi.gov/topic/Invasives/disinfection.html> You shall comply with all provisions in State Stat. s. 30.07 and Wis. Adm Code s. NR 40.07 and Manual code 9183.1 For further information, please refer to the following: <https://dnr.wi.gov/topic/invasives/classification.html>.
- The approval of an aquatic plant management permit does not represent an endorsement of the permitted activity but represents that the applicant has complied with all criteria of this chapter.

If you have any questions or concerns, contact Heidi Bunk at 262-719-0814 or by email at [heidi.bunk@wi.gov](mailto:heidi.bunk@wi.gov).

State of Wisconsin Department of Natural Resources for the Secretary

By: Loretha Jack	07/12/2023	07/12/2023
Water Resources Biologist	Date Signed	Date Mailed

**Please Note:**

If you believe that you have a right to challenge this decision, you should know that Wisconsin statutes and administrative rules establish time periods within which requests to review Department decisions must be filed. For judicial review of a decision pursuant to ss. 227.52 and 227.53, Wis. Stats., you have 30 days after the decision is mailed or otherwise served by the Department, to file your petition with the appropriate circuit court and serve the petition on the Department. Such a petition for judicial review shall name the Department of Natural Resources as the respondent. This notice is provided pursuant to s. 227.48(2), Wis. Stats. To request a contested case hearing pursuant to s. 227.42, Wis. Stats., you have 30 days after the decision is mailed, or otherwise served by the Department, to serve a petition for hearing on the Secretary of the Department of Natural Resources. The filing of a request for a contested case hearing is not a prerequisite for judicial review and does not extend the 30-day period for filing a petition for judicial review.
